## **OFF CAR DPF CLEANER**

**Safely clears blocked diesel particulate filters restoring their full operation in as little as 90 minutes.**

Wynn's Off-Car DPF Cleaner is a heavy-duty cleaner to thoroughly clean and remove blockages in particulate filters caused by soot, ash, and other contamination.

### Properties

- ✓ Eliminates blockages in particulate filters caused by soot, ash, and other contamination.
- ✓ Restores back pressure to correct levels for the vehicle.
- ✓ Safe for use on all types of particulate filter.
- ✓ Does not impact the action of catalytic elements of the filter.
- ✓ Saves the cost of DPF replacement.

### Applications

- ✓ For with all types of diesel particulate filters having serious clogging problems.
- ✓ Suitable for Commercial vehicle particulate filters.
- ✓ Can be used either by pouring directly into the filter, or by immersing the filter in a bath of the cleaner.

### Directions

1. Demount the filter and remove all probes/sensors.
2. There are two alternative cleaning methods.
3. **Method 1** (self-contained cleaning):
  - a. Seal one end of the filter & any opening where sensors have been removed with a bung or vinyl gloves.
  - b. With the filter in an upright position fill the filter with Wynn's Off Car DPF Cleaner ensuring the core of the filter is covered (fill reverse direction of the exhaust flow)
